LETTER OF APPRECIATION

We do not think we could find another partner as flexible and responsive IT Business partner like Gurusoft.

Your team's domain knowledge, industry understanding and positive attitude are very much appreciated. We know we could not have implemented our project successfully without them. Gurusoft's service attitude and commitment are one of the best we have encountered. This sets Gurusoft apart as a trustworthy and a global IT partner we can rely on.

We hope that satisfied clients like us will bring you to new opportunities in other countries.

Yours sincerely,

Michael Goh
Managing Director
Pacorini Metals (Asia) Pte Ltd
